

St Lawrence CofE Primary School, Hurstpierpoint

Governing Body Charging Policy

The Governing Body's policy on charging states that: Charging is not permitted for activities which take place largely or wholly in school time, but the School does rely on voluntary contributions so that such activities can take place. No child is denied access to an activity on financial grounds. It may be necessary to cancel activities that do not receive sufficient voluntary financial support. Where there are difficulties, parents may contact the Head Teacher in confidence to see if help can be arranged.
